Dear Emmett:

Thanks for your recent note indicating the desire of the Agency to fulfill speaking engagements in certain areas. I have in mind local group of Reserve Officers - three groups, in fact, and in touch with one of their Commanders with the idea that perhaps we could have a joint meeting of these three to be addressed by a representative from the Agency. I will keep in touch with you in this matter and let you know what the outcome is and ask to have your suggestions.

Again, I thoroughly enjoyed the recent visit with you and others of the Agency and will look forward to continuing cooperation.

Cordially yours,

W. R. Horsley
